After the use of three snow or cold weather days prior to February, the record planning day in Feb. becomes a student attendance day. If there were to be another snow or cold weather day after that, then students report to school on the last day of the year, which is a student record day.

Also of note, if we need to close one school for an emergency, it still counts as an attendance day for all schools across the District

*In the event Friday, May 30th is designated as records/planning day, Thursday, May 29th will be the last day of school for students.

*In the event more than four emergency days are used during the regular school year, the District will communicate about a possible extension of the school calendar.
