- D. Each bid shall be a firm and irrevocable offer from the date received by the District until at least one hundred (100) calendar days after the date bids are opened. Corrections, modifications or amendments to bids for any reason, including any error or miscalculation, shall not be permitted. The District reserves the right to reject any or all bids or portions thereof and to waive any informalities, irregularities or defects in any proposal should the District view any such action to be in its best interests. - E. Bidders are expected to review thoroughly all Bid Documents and to familiarize themselves with all the terms and conditions thereof ("Bid Specifications"). The District Map and current route information are included in the Bid Specifications. Failure of the successful Bidder to familiarize itself with these shall not relieve the successful Bidder of any of its obligations hereunder.

A copy of such addendum will be emailed to each Bidder receiving a set of Bid Documents and to such other prospective Bidders as shall have requested that they be furnished with a copy of each addendum. Failure on the part of the prospective Bidder to receive clarification prior to the time for receipt of bids will not be grounds for withdrawal of a bid. **Bidders will acknowledge receipt of each addendum issued on the Bid Form provided.** Oral explanations will not be binding.

Potential Records Day 02/28/2025
 Potential Records Day 05/30/2025

After the use of three snow or cold weather days prior to February, the record planning day in February becomes a student attendance day. If there were to be another snow or cold weather day after that, then students report to school on the last day of the year, which is a student record day. It is at that point that if we missed more student attendance days, the District would need to explore extending the school year.

Also of note, if we need to close one school for an emergency, it still counts as an attendance day for all schools across the District

Adopted 12/21/2023
