Subject: Financial Update for the Period Ending March 31, 2021

---

Attached for your review are the following reports as of March 31, 2021:

- Fund Balance Report
- Revenue Summary Report
- Expenditure Summary Report

Fund balance in the Operating Funds increased by \$18M in March to \$57.6 million. The graph below shows a comparison of monthly fund balances over the last two years. The spikes in fund balance during July/August and February/March represent the District's property tax collections, which make up approximately 85% of the District's total annual revenues. It's very important for school districts to maintain fund balance reserves that are sufficient to cover operations in between those months, particularly during the fall/winter when revenues are typically scarce.

The most recent 12-month period followed a similar trend as the preceding year. Some notable exceptions are:

- May and June – The two fund balance lines decreased at varying angles because the District's biweekly payroll schedule produced a different number of payrolls each month.
- In October 2020, fund balance in Capital Projects (fund 60) did drop negative. At the end of each calendar year, the District does a transfer from the Education to Operations and Maintenance to Capital Projects to cover the necessary construction. The district is just finishing making all the necessary Capital Projects payments for the school year and will provide the Board with a resolution to transfer the necessary funds.
- January-Fund balance in December decreased at a faster rate due to two board resolutions adopted at the January 14th Board of Education meeting. Resolution #1262 directed the transfer of \$783,925 for debt certificates and #1263 which directed the transfer of \$113,072 for copier leases.
- February-The board adopted resolution #1264 on February 11th, directing the transfer of \$2,000,000 from the Educational fund to the Operations and Maintenance Fund and then to the Capital Projects Fund. February was also the first month of the first installment of property tax revenue collections.

From a macro-level perspective, the District continues to have a strong financial position after three fourths ( $\frac{3}{4}$ ) of the fiscal year. The influx of revenue from the spring property taxes puts the District in a strong financial position as it heads into the end of the school year. Throughout this long-term planning and forecasting the District continues to maintain the goal of operating within its means.

### **Revenue Summary - March**

Total revenue for the District was 87% of budgeted revenues as of March 31st for all funds. This is slightly behind last year's pace (94%) The District received \$23.2 Million in property tax revenues, and \$73,000 in CPPRT.

State and federal revenue was insignificant. The District received the standard two installments of Evidence Based Funding from the State (\$306,000).

## Expenditure Summary - March

After completing nine months of the fiscal year, the District has expended 65% of its overall budget which is inline with last year's pace (66%).

Table 1 below shows the year-to-date percentage of the payroll budget (salaries and benefits) that has been spent after each month as compared to last year. Total payroll expenditures are trending as projected in the budget.

Table 1: Payroll Expenditures

	<b>YTD Percent of Budget Spent</b>	
<b>Month</b>	<b>2020-21</b>	<b>2019-20</b>
March	64%	65%
January	49%	49%
November	33%	33%
September	14%	14%
July	1%	0%

Table 2 displays the cumulative percentage of the accounts payable budget (purchased services, supplies, equipment, etc.) that has been spent after each month versus last year.

March	68%	70%
January	62%	60%
November	54%	48%
September	31%	33%
July	15%	12%

Accounts payable spending is running ahead of last year's budget pace. Since the worldwide pandemic, the District has been conservative in its spending. More resources are needed to ensure students and staff have all the necessary tools to provide the best quality education during these uncertain times.
