Subject: Financial Update for the Period Ending December 31, 2018

Attached for your review are the following reports as of December 31, 2018:

- Fund Balance Report
- Revenue Summary Report
- Expenditure Summary Report
- Other Financing Sources/Uses Summary Report

Fund balance in the Operating Funds decreased \$4.8 million in December to \$52.9 million. The graph below shows a comparison of monthly fund balances over the last two years. The spikes in fund balance during February/March and July/August represent the District's property tax collections, which make up approximately 85% of the District's total annual revenues. It's very important for school districts to maintain fund balance reserves that are sufficient to cover operations in between those months, particularly during the fall/winter when revenues are typically scarce.

The most recent 12-month period followed a similar trend as the preceding year. Some notable exceptions are:

- January – The District’s fund balance typically decreases each year in January. However, the fund balance in January 2018 (blue line) increased because of a timing variance involving the District’s tax revenues. When the new federal tax law was approved, homeowners were encouraged to prepay their 2018 spring property taxes in calendar year 2017. As a result, the District received \$7.9 million (23%) of its spring tax revenue installment in January, which is 1-2 months earlier than normal. Fund balance at the end of January 2018 was \$7.1 million higher than at the end of January 2017.
- February – Fund balance in February 2017 (red line) remained flat instead of increasing because the Board approved a resolution to transfer \$4.5 million of fund balance out of the Operating Funds to fund capital projects.
- May and June – The two fund balance lines decreased at varying angles because the District’s biweekly payroll schedule produced a different number of payrolls in each month. Looking at the two months combined, fund balance in 2018 (blue line) decreased by \$1.2 million more than in 2017 (red line). This is due to the District transferring \$786,000 out of the Operating Funds in May 2018 to make its first yearly payment on the debt certificates. There was also a \$400,000 decline in registration fee revenue in 2018 because the District offered parents the option to defer payment on student fees until September for the first time this year.

From a macro-level perspective, the District continues to have a strong financial position at the close of the second quarter of the fiscal year. Fund balance is expected to continue declining over the next month of operations when revenues are less substantial. The final 2018-19 budget and five-year financial projections outline a substantial number of facility improvement projects and curriculum renewals/adoptions planned for this year and the following year. Throughout this long-term planning and forecasting, the District continues to maintain the goal of operating within its means.

Revenue Summary - December

Total revenue for the District was 45% of budgeted revenues as of December 31. This is slightly behind last year’s budget pace (48%) because of the variability of State revenue streams. Last year’s revenue was inflated because the State was catching up on its delinquent categorical payments.

Revenues in December consisted primarily of local revenues. The District collected \$87,487 of prior year taxes. The District also received both 2018 TIF payments from the City of Park Ridge. TIF revenue totaled \$525,916, which was less than the budgeted amount of \$560,000 due to fewer students residing within the TIF area. The payment related to the value of property within the TIF is recorded in the Education Fund, and the payment for the number of students residing in the TIF is recorded in the Operations and Maintenance Fund. Lastly, interest earnings on District investments continue to exceed expectations. The District’s total interest revenue is 69% of budgeted revenue at the midpoint of the fiscal year.

State and federal revenue was very limited in December. The District received the standard two installments of Evidence Based Funding from the State totaling almost \$306,000.

Expenditure Summary - December

After completing half of the fiscal year, the District has expended 49% of its overall budget which is slightly ahead of last year's pace (46%) but still in line with the amount of time elapsed for the fiscal year.

Table 1 below shows the year-to-date percentage of the payroll budget (salaries and benefits) that has been spent after each month as compared to last year. Total payroll expenditures are trending as projected in the budget with no major anomalies.

Table 1: Payroll Expenditures

Month	YTD Percent of Budget Spent	
	2018-19	2017-18
December	41%	41%
November	33%	33%
October	21%	21%
September	14%	14%
August	6%	7%
July	1%	1%

Table 2 displays the cumulative percentage of the accounts payable budget (purchased services, supplies, equipment, etc.) that has been spent after each month versus last year.

Table 2: Accounts Payable Expenditures

Month	YTD Percent of Budget Spent	
	2018-19	2017-18
December	67%	59%
November	61%	54%
October	49%	41%
September	34%	32%
August	26%	25%
July	15%	14%

Accounts payable spending is running ahead of last year's budget pace due to capital improvement spending. The District has spent nearly \$7.5 million from its Capital Projects funds to date as compared to \$3.8 million at this point last year. Since a majority of the work occurs in the summer, a larger percentage of the accounts payable budget is expended in the first half of the fiscal year. Therefore, the larger Capital Projects budget and the front loaded spending for this particular budget results in an accelerated pace for overall spending.

Also, the District has spent a larger portion of its O&M budget to date this year as compared to last year because of ongoing expenses for facility maintenance. This year's projects include expenses for: Jefferson LRC modifications (\$83,000), the installation of playground equipment at Washington School (\$86,000), a new district-wide radio communication system (\$137,000), parking lot sealcoating (\$43,000), energy efficiency improvements (\$68,000), and painting (\$45,000).

Other Financing Sources/Uses Summary – December

Other Financing Sources/Uses consist primarily of transfers made between funds. All interfund transfers require Board approval. There has been no activity in the other financing sources/uses accounts so far this year.
