Subject: Financial Update for the Period Ending March 31, 2019

Attached for your review are the following reports as of March 31, 2019:

- Fund Balance Report
- Revenue Summary Report
- Expenditure Summary Report
- Other Financing Sources/Uses Summary Report

Fund balance in the Operating Funds increased \$21 million in March to \$71.5 million. The graph below shows a comparison of monthly fund balances over the last two years. The spikes in fund balance during July/August and February/March represent the District's property tax collections, which make up approximately 85% of the District's total annual revenues. It's very important for school districts to maintain fund balance reserves that are sufficient to cover operations in between those months, particularly during the fall/winter when revenues are typically scarce.

The most recent 12-month period followed a similar trend as the preceding year. Some notable exceptions are:

- May and June – The two fund balance lines decreased at varying angles because the District's biweekly payroll schedule produced a different number of payrolls in each month. Looking at the two months combined, fund balance in 2018 (blue line) decreased by \$1.2 million more than in 2017 (red line). This is due to the District transferring \$786,000 out of the Operating Funds in May 2018 to make its first yearly payment on the debt certificates. There was also a \$400,000 decline in registration fee revenue in 2018 because the District offered parents the option to defer payment on student fees until September for the first time this year.
- January, February, and March – The District's fund balance typically decreases each year in January. The fund balance in January 2018 (red line) increased because of a timing variance involving the District's tax revenues. When the new federal tax law was approved, homeowners were encouraged to prepay their 2018 spring property taxes in calendar year 2017. As a result, the District received \$7.9 million (23%) of its spring tax revenue installment in January 2018, which was 1-2 months earlier than normal. This year the District's property tax revenues are adhering to the more traditional trend of collection in February and March. Therefore, fund balance at the end of January 2019 was \$6.2 million lower than at the end of January 2018 but only \$3.9 million lower at the end of February 2019 compared to February 2018. March 2019 fund balance is nearly identical to March 2018.

From a macro-level perspective, the District's fund balance at the end of March is at its highest point of the year. The influx of revenue from the spring property taxes puts the District in a strong financial position as it heads into the end of the school year. An updated set of five-year financial projections presented in February outline a substantial number of facility improvement projects planned in the near future. The District anticipates using a portion of its Working Cash Fund reserves next year to fund these projects. This is another example of the District using long-term planning and forecasting to maintain its goal of operating within its means.

Revenue Summary - March

Total revenue for the District was 93% of budgeted revenues as of March 31. This is comparable to last year's pace (96%).

The District received the remainder of its first installment property tax revenues this month. Tax revenues made up \$24.8 million of the District's \$25.6 million total March revenues. With these receipts the District has now collected 95% of its budget for tax revenues, which aligns with the District's typical collection ratio in previous years.

State and federal revenue was insignificant other than the standard two installments of Evidence Based Funding from the State (\$306,000).

Expenditure Summary - March

After completing three quarters (75%) of the fiscal year, the District has expended 69% of its overall budget, which is slightly ahead of last year's pace (67%). It is customary for spending to run slightly behind the average monthly budget pace because the first payroll for ten-month employees (teachers, teacher assistants, etc.) does not occur until late August. In addition, many of these employees elect to receive their salary spread over twelve months. The District expenses all of their summer payrolls in June so that expenses are accounted for in the correct budget year..

Table 1 below shows the year-to-date percentage of the payroll budget (salaries and benefits) that has been spent after each month as compared to last year. Total payroll expenditures are trending as projected in the budget with no major anomalies.

Table 1: Payroll Expenditures

Month	YTD Percent of Budget Spent	
	2018-19	2017-18
March	64%	64%
February	56%	56%
January	48%	48%
December	41%	41%
November	33%	33%
October	21%	21%
September	14%	14%
August	6%	7%
July	1%	1%

Table 2 displays the cumulative percentage of the accounts payable budget (purchased services, supplies, equipment, etc.) that has been spent after each month versus last year.

Table 2: Accounts Payable Expenditures

Month	YTD Percent of Budget Spent	
	2018-19	2017-18
March	81%	74%
February	76%	71%
January	72%	65%
December	67%	59%
November	61%	54%
October	49%	41%
September	34%	32%
August	26%	25%
July	15%	14%

Accounts payable spending is running ahead of last year's budget pace due to capital improvement spending. The District has spent nearly \$7.7 million from its Capital Projects funds to date as compared to \$4.7 million at this point last year. Since a majority of the work occurs in the summer, a larger percentage of the accounts payable budget is expended during the fiscal year. Therefore, the larger Capital Projects budget and the front loaded spending for this particular budget results in an accelerated pace for overall spending.

Also, the District has spent a larger portion of its Education, Operations and Maintenance, and Transportation budgets to date this year as compared to last year. Expenses in all funds were unusually low in March last year due to the timing of the check run. The March 2018 Board meeting was held early in the month and only two weeks after the February 2018 meeting. Therefore, many of the District's regular monthly bills such as student transportation, special education tuition, and building utilities were not received in time to pay at the March meeting. The March 2019 Board meeting was held later in the month resulting in these recurring monthly bills being paid in March and higher expenses at the end of the month as compared to last year.

Other Financing Sources/Uses Summary – March

Other Financing Sources/Uses consist primarily of transfers made between funds. All interfund transfers require Board approval. There has been no activity in the other financing sources/uses accounts so far this year.

If you have any questions about the Financial Report, please contact Dr. Heinz or myself.

Park Ridge - Niles School District 64
