From: Valerie Varhalla, Director of Business Services
Date: $\quad$ September 23, 2019
Subject: $\quad$ Financial Update for the Period Ending August 31, 2019

Attached for your review are the following reports as of August 31, 2019:

- Fund Balance Report
- Revenue Summary Report
- Expenditure Summary Report

Fund balance in the Operating Funds increased by $\$ 12.7$ million in August to $\$ 69.4$ million. The graph below shows a comparison of monthly fund balances over the last two years. The spikes in fund balance during July/August and January/February/March represent the District's property tax collections, which make up approximately $85 \%$ of the District's total annual revenues. It's very important for school districts to maintain fund balance reserves that are sufficient to cover operations in between those months, particularly during the fall/winter when revenues are typically scarce.

The most recent 12-month period followed a similar trend as the preceding year. Some notable exceptions are:

- January, February, and March - The District's fund balance typically decreases each year in January. The fund balance in January 2018 (red line) increased because of a timing variance involving the District's tax revenues. When the new federal tax law was approved, homeowners were encouraged to prepay their 2018 spring property taxes in calendar year 2017. As a result, the District received $\$ 7.9$ million (23\%) of its spring tax revenue installment in January 2018, which was 1-2 months earlier than normal. This year the District's property tax revenues are adhering to the more traditional trend of collection in February and March. Therefore, fund balance at the end of January 2019 (blue line) was $\$ 6.2$ million lower than at the end of January 2018 but only $\$ 3.9$ million lower at the end of February 2019 compared to February 2018. March 2019 fund balance is nearly identical to March 2018.
- May and June - The two fund balance lines decreased at varying angles because the District's biweekly payroll schedule produced a different number of payrolls in each month. Looking at the two months combined, fund balance in 2019 (blue line) decreased by $\$ 1.2$ million more than in 2018 (red line). This is due to the District transferring \$786,000 out of the Operating Funds in May 2018 to make its first yearly payment on the debt certificates. There was also a $\$ 400,000$ decline in registration fee revenue in 2018 because the District offered parents the option to defer payment on student fees until September for the first time this year.

From a macro-level perspective, the District is in a strong financial position at the start of the year heading into the next 4-5 months of operations when revenues are less substantial.

Revenue Summary - August 31, 2019
Total revenue for the District was $40 \%$ of budgeted revenues as of August 31. This is slightly ahead of last year's pace (39\%). Revenues in August consisted primarily of second installment property taxes. The District also received some other local revenues related to the start of the school year such as food service fees, extended day kindergarten tuition, bus fees, and $\$ 16.1$ million for 2018 property tax revenues this month.

State and federal revenue was minimal in August with the exception of the two standard installments of Evidence Based Funding from the State totaling almost \$306,000 and \$321,000 for transportation.

## Expenditure Summary - August 31, 2019

After two months of activity (or $17 \%$ of the fiscal year), the District has expended $12 \%$ of its overall budget. It is customary for spending to run behind the average monthly budget pace throughout the year but especially in the first couple months because salaries and benefits of ten-month employees (teachers, teacher assistants, etc.) do not start getting expensed until late August. In addition, many of these employees elect to receive their salary spread over twelve months. The District expenses all of their summer payrolls in June so that expenses are accounted for in the correct budget year.

Spending in August focused on preparing the District's facilities and equipment for the start of the school year. The District expended $\$ 1.77$ million from the Capital Projects Funds for ongoing summer construction work. Other significant expenditures included summer school tuition and transportation expenses for special education students who are outplaced at private schools, and post-retirement benefit payouts to June retirees in accordance with the District's collective bargaining agreements.

If you have any questions about the Financial Report, please contact Dr. Olson or myself.
