Subject: $\quad$ Financial Update for the Period Ending November 30, 2019
Attached for your review are the following reports as of November 30, 2019:

- Fund Balance Report
- Revenue Summary Report
- Expenditure Summary Report

Fund balance in the Operating Funds decreased by $\$ 4.4$ million in November to $\$ 53$ million. The graph below shows a comparison of monthly fund balances over the last two years. The spikes in fund balance during February/March and July/August represent the District's property tax collections, which make up approximately 85\% of the District's total annual revenues. It's very important for school districts to maintain fund balance reserves that are sufficient to cover operations in between those months, particularly during the fall/winter when revenues are typically scarce.

The most recent 12-month period followed a similar trend as the preceding year. Some notable exceptions are:

- January, February, and March - The District's fund balance typically decreases each year in January. The fund balance in January 2018 (red line) increased because of a timing variance involving the District's tax revenues. When the new federal tax law was approved, homeowners were encouraged to prepay their 2018 spring property taxes in calendar year 2017. As a result, the District received $\$ 7.9$ million (23\%) of its spring tax revenue installment in January 2018, which was 1-2 months earlier than normal. This year the District's property tax revenues are adhering to the more traditional trend of collection in February and March. Therefore, fund balance at the end of January 2019 (blue line) was $\$ 6.2$ million lower than at the end of January 2018 but only $\$ 3.9$ million lower at the end of February 2019 compared to February 2018. March 2019 fund balance is nearly identical to March 2018.
- May and June - The two fund balance lines decreased at varying angles because the District's biweekly payroll schedule produced a different number of payrolls in each month. Looking at the two months combined, fund balance in 2019 (blue line) decreased by $\$ 1.2$ million more than in 2018 (red line). This is due to the District transferring \$786,000 out of the Operating Funds in May 2018 to make its first yearly payment on the debt certificates. There was also a $\$ 400,000$ decline in registration fee revenue in 2018 because the District offered parents the option to defer payment on student fees until September for the first time this year.

From a macro-level perspective, the District continues to have a strong financial position at the middle of the second quarter of the fiscal year. Fund balance is expected to continue declining over the next 1-2 months of operations when revenues are less substantial. Throughout this long-term planning and forecasting the District continues to maintain the goal of operating within its means.

Revenue Summary - November 30, 2019
Total revenue for the District was $45 \%$ of budgeted revenues as of November 30. This is in line with last year's pace. Revenues in November consisted primarily of other local revenues including food service fees, and extended day tuition. The District also collected $\$ 149,000$ in real estate taxes.

State and federal revenue was very limited in November. The District received the standard two installments of Evidence Based Funding from the State totaling almost $\$ 306,000$. As well as $\$ 37,000$ for two Title grants, milk program, and special ed services.

Expenditure Summary - November 30, 2019
After five months of activity (or 42\% of the fiscal year), the District has expended $38 \%$ of its overall budget.

Table 1 below shows the year-to-date percentage of the payroll budget (salaries and
benefits) that has been spent after each month as compared to last year. Total payroll expenditures are trending as projected in the budget with no major anomalies.

Table 1: Payroll Expenditures

|  | YTD Percent of Budget Spent |  |
| :--- | :---: | :---: |
| Month | $\mathbf{2 0 1 9 - 2 0}$ | $\mathbf{2 0 1 8 - 1 9}$ |
| November | $33 \%$ | $33 \%$ |
| October | $25 \%$ | $21 \%$ |
| September | $14 \%$ | $14 \%$ |
| August | $7 \%$ | $6 \%$ |
| July | $0 \%$ | $1 \%$ |

Table 2 displays the cumulative percentage of the accounts payable budget (purchased services, supplies, equipment, etc.) that has been spent after each month versus last year.

Table 2: Accounts Payable Expenditures

|  | YTD Percent of Budget Spent |  |
| :--- | :---: | :---: |
| Month | $\mathbf{2 0 1 9 - 2 0}$ | $\mathbf{2 0 1 8 - 1 9}$ |
| November | $48 \%$ | $61 \%$ |
| October | $41 \%$ | $49 \%$ |
| September | $33 \%$ | $34 \%$ |
| August | $24 \%$ | $26 \%$ |
| July | $12 \%$ | $15 \%$ |

Accounts payable spending is running behind last year's budget pace. The Capital Projects fund has a $\$ 1.7$ million larger budget this year compared to last year (FY19). The District has spent $\$ 5.7$ million as of November 2019 which is $\$ 1.7$ million less than at this point last year.

If you have any questions about the Financial Report, please contact Dr. Olson or myself.
