Subject: Financial Update for the Period Ending March 31, 2023

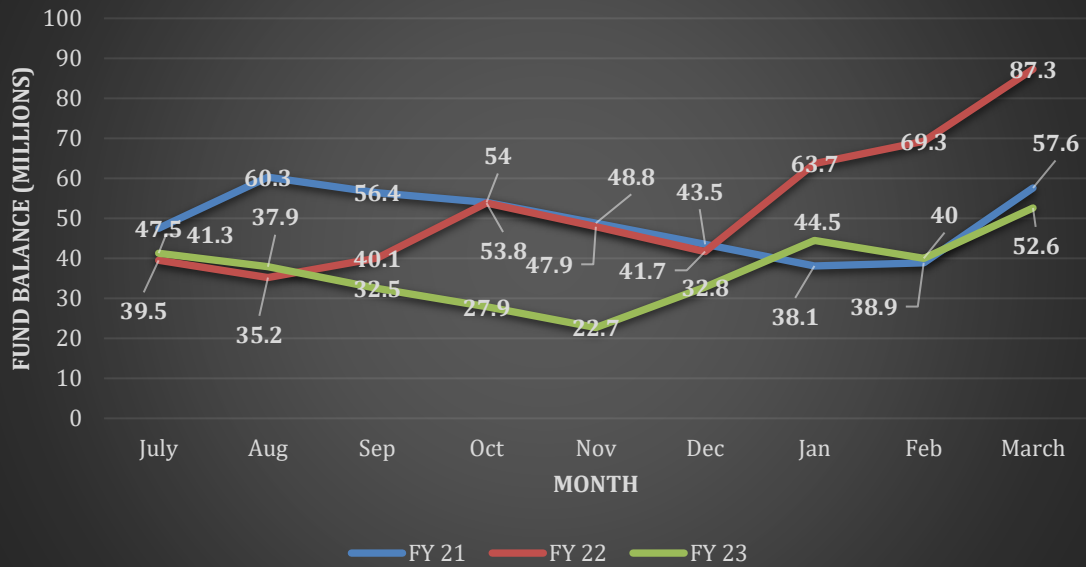

This financial update is for the period ending March 31, the ninth full month of the 2023 Fiscal Year. In addition to a summary of financial activity through the month of March, the Board will find the following reports addended to this document:

- Fund Balance Report
- Revenue Summary Report
- Expenditure Summary Report
- Transfers In Report
- Transfers Out Report
- Investments Summary Report
- Investments Detail Report

Fund Balance

The District's operating fund balance increased approximately \$12.5 million from the end of February to the end of March. The majority of this increase is due to the commencement of 2022 property tax distributions. 2022 collections were well over \$18 million, with slight amounts still trickling in from 2021 and other prior years. Refunds to homeowners continue to process at a similar historical rate, reducing tax revenue by approximately \$169,000 in March. Both revenues and expenditures are customary for this time of year. The first chart below represents operating fund balance levels over time, comparing the current fiscal year to the two previous fiscal years. The second chart below displays a twelve-month rolling view of the interrelationship between monthly fund balance levels (operating and non-operating combined), monthly revenues and monthly expenditures.

Revenues

In March the District began to receive property tax distribution payments from the 2022 tax levy. Total property tax revenue for the month was approximately \$18.1 million, with over 99% stemming from the 2022 levy. Fiscal year-to-date, total local property tax revenue received by the District was approximately \$54.4 million. This figure is approximately 21% less than what was received by this time last fiscal year. A balloon distribution is expected in April to eliminate this gap. Though total revenues received fiscal year-to-date are lagging in comparison to last year, it is encouraging to note that the following categories have increased in the fiscal year comparison: CPPRT, Grants, Other Local Revenues, Reimbursements, and revenue from the State. The table and charts below present the source of District revenues and percentage contributions to the overall budget from July to March for the current and prior fiscal years.

Expenditures

Total expenditures for the fiscal year, through March 30th, came to \$84,136,561.17. March’s piece of the spending pie came to \$7,636,743.85, approximately 9% of expenditures fiscal year-to-date. The chart below represents a percentage breakdown of total spending per fund in relation to the annual budgeted amount.
