New Math Curriculum Overview

We are offering an exciting opportunity for all K-8 parents/guardians that pertains to our new mathematics curricula. On November 28th, at 7pm, at Emerson Middle School, we invite parents/guardians to engage in a lesson simulation with a D64 grade-level teacher.

You will sit in the seats as a student and fully understand what it means to be part

of a math class with our new curriculum resources (Eureka Squared: K-5, and Carnegie Math (6-8)! A teacher will offer a brief introduction to the program and then teach an actual lesson your child would experience this year.

Space is limited, [so please RSVP using this form](#). Be sure to click the appropriate math placement for your child.

If you are not sure of your child's placement, please call your school's main office. We look forward to seeing you there!

*Note: Students in 7th or 8th Grade Channels of Challenge or 8th Grade Accelerated Math are not utilizing the Carnegie resources. Therefore, this opportunity is not available right now for those parents/guardians.

Samantha Alaimo,
Assistant Superintendent of Student Learning

Current Events Resources

We want to share some resources with you all. The ongoing violence in Israel and Gaza is heart wrenching. In a recent administrator newsletter from the Illinois State Board of Education (ISBE), state superintendent Dr. Tony Sanders shared the following items, which we found helpful in navigating these conversations at home.

[The National Association of School Psychologists](#) has a downloadable flyer called [Supporting Youth Affected by the Violence in Israel and Gaza: Tips for Families and Educators](#) strategies for each grade level, and suggested talking points.

Additionally, from [Common Sense Media](#), an article called [How do I talk to my kids about violence in the news?](#) reminds us to get a sense of what children know before launching into an explanation, by using open-ended questions, like "What did you hear?" or "What do you know?" and "What do you think about it?"

We hope these resources are helpful to you, if your children have questions at home.

8th Grade Promotion - Save the Date

A promotion ceremony for our 8th grade students has been tentatively set for Tuesday, June 4, 2024 at Maine East High School. Details will still need to be discussed and finalized. For now, save the date.

Halloween Candy Wrapper Recycling

With Halloween approaching now you can recycle your Halloween candy wrappers at Lincoln! Candy wrappers cannot go in our regular recycling bins in Park Ridge, so

bring those candy wrappers to the box in the front entrance vestibule! No food or liquids in the box please. We will be collecting wrappers until mid November. Happy Halloween and thanks for helping Lincoln Go Green!

You will see an orange "Trash or Treasure" collection bin located inside of Door #3 on Crescent.
